HARBORS OF CALIFORNIA

California's harbors are as indispensable to the State's progress as are the climate, soil and topography. Every part of the State is dependent upon the harbors for opportunity to reach the markets of the world cheaply, and all the harbors are interdependent, owing to the fact that the supplies of the State are trans-shipped from one to the other. Just recently a big cargo of oranges from Eureka harbor, and in return, the shipment of oranges and other products of San Diego to Eureka harbor.

Granted that the whole state is benefited by the harbors then it is to the interest of the whole state to see to it that the harbors are such as the shipping of the world will seek. Under present conditions in the harbors the total charges are so high that all ships shun California unless compelled by exigencies of business to come here. It is a matter of interest, therefore, to the entire state, that the harbors be so managed as to invite rather than repel the world's ships, and in order to do this it is necessary for all the harbors of California to be under the same management, which will see to it that the changes be not excessive.

Were the management of the State's harbors under control of a single board it would be an easy matter to have an equitable adjustment of all port charges and also have the funds appropriated by the state so divided as to make each harbor receive just what its contiguous territory and its tonnage reports entitled to it. If the permanent improvement of the State's harbors were at once begun on a scale commensurate with the importance of the subject, all the harbors would be placed on a good footing and then the maintenance of these harbors could be continued by the utilization of the individual port dues and fees.

At the meeting of the committee on California harbors of The California Promotion Committee, which is to be held at Sacramento on January 11, all these matters will be thoroughly discussed, and as all parts of the state are represented on that Committee it will be a meeting fraught with results of great importance to California. At this meeting, representatives of various interests will be present and take necessary action to induce the legislature and the congress to pass such legislation as may be necessary to improve California's waterfront.

Camphor Plantation

The government is preparing to raise its own camphor, so that in case of trouble with Japan it will not be cut off from one of the ingredients necessary in the manufacture of smokeless powder.

Beverly T. Galloway, chief of the Bureau of Plant Industry, appeared recently before the House Committee on Agriculture and stated that Japan controlled the camphor output, but he said that

it had been demonstrated that camphor could be produced in this country and that a plantation of 3000 acres was to be set out in Florida.

There is a great demand in California for camphor, but only for ornament. It is now said that in Japan the trees are cut down to extract the gum, but the plant has learned that it can be extracted from the twigs, and the usefulness of the tree is little injured thereby.

THE CLOVERDALE FAIR

The Cloverdale Reveille has this to say about it:

"The Fair this year will be given by the old association, the plans for the new co-operative association not having all been completed for taking over the stock of the old association. This will in no way detract from the success of the Fair, as Wm. T. Brush as president of the association, G. B. Baer the secretary, and most of the members of the board of directors have had ample experience in managing these annual events. They will be assisted by other leading citizens, so it goes without saying that the success of the fifteenth annual fair is assured without a doubt. The oranges and other citrus fruits in this vicinity never looked better and the crop will be heavy. The best premium list ever offered by the association will be given this year and every incentive possible will be offered to exhibitors to make attractive and artistic displays.

The Daily San Francisco Cal and Expositor \$8.50 per year.

FRIDAY JANUARY 11, 1907

OUR BIRTHDAY

With this issue of the Expositor, we enter upon the ninth year of publication and we hope and believe its ninth year of usefulness in this community.

We believe that the review of the paper in speaking a good word on all possible occasions, for Sonoma valley, its people, its institutions, its industries and its resources, has been and will continue to be productive of much good. And we naturally feel that the people of this fine old valley appreciate our efforts and desire to help us grow, for our subscription list and advertising patronage has nearly tripled in the past three years.

A DEAR MISTAKE

So many people have been mistaken for deer and shot, that one man who was entirely dissatisfied by such a bad mistake, has sued the ambitious hunter with poor judgment, for \$500 for shooting him in the thigh. The shooting was of course accidental but the injured man wants damages never-the-less. Paul Rudd of Ukiah has brought the suit against Ralph Byrnes of Mendocino city. The outcome of the case will be awaited with interest.

GOVERNOR J. N. GILLET

Governor Jas. N. Gillett was inaugurated Governor of the State of California at the capitol, Wednesday last at 12:30 o'clock in the presence of both houses of the legislature.

JUDGE DENNY

Attorney Thos. Denny of Petaluma, has been favored by Gov. Pardee by the appointment to the office of superior judge to fill the place made vacant by the promotion of Judge Burnett. The selection was made just before the expiration of Gov. Pardee's term of office.

HAPPY JUDGES

The three new appointees of Gov. Pardee, Judges Crisp of Santa Barbara, Hosmer of San Francisco and Denny of Sonoma, have received their commission from Sec'y of State, C. F. Curry, who had refused to issue them until ordered to do so by the court is a test case brought by the first named jurist.

W. C. LINDSAY APPOINTED

Under-sheriff Ingalls has resigned his position, and Sheriff J. K. Smith has appointed Walter C. Lindsay, postmaster at Windsor, and the Republican candidate for auditor at the last election. The appointment of Mr. Lindsay is an excellent one and will be received with great favor by his host of friends in this county.

PRICE IS SENATOR

It may not be out of order to remark that Walter F. Price is State Senator for this district and that he entered upon the discharge of his official duties without a protest of any kind from anybody.

CONTRACTOR HERE

Jas. B. Newman, the contractor and capitalist of Napa, departed on the afternoon train Thursday, after a conference here with the city trustees and architect on the city hall matter.

Mr. Newman has the contract to complete the new municipal building and will push the work along as fast as possible.

Mr. Shearer, an experienced and skillful stone mason, will be employed on the building.

Death of Mr. Banchemo

Philip A. Banchemo, a popular young man of Santa Rosa, and well known in this valley where he had often visited, died in that city last Monday morning after a distressing illness of several months. The young man bore his suffering with patience and fortitude and death came as a happy release from pain.

Deceased leaves a father and mother, Mr. and Mrs. B. Banchemo, a sister, Miss Lena and brother, John Banchemo, and a host of friends to mourn his loss.

The funeral took place Wednesday afternoon from St. Rose's Church, Santa Rosa, Rev. Father Cassin officiating, and was largely attended by sorrowing friends and relatives. Interment was in Calvary Cemetery.

Marion Harvey Passes Away

Marion Harvey, well known in this valley where he had resided and worked for many years, passed away on Wednesday at the county seat. While temporarily employed at Santa Rosa, he contracted a severe cold which developed into pneumonia which caused his death.

Deceased was 50 years of age at the time of his demise. He was a nephew of J. M. Cheney, from whose residence the funeral will take place to-morrow, Saturday, morning at 11 o'clock.

Interment will be in Mountain Cemetery.

Editor J. C. Keene, of the Windsor Sun, has been very ill during the past week, and on Saturday his condition was far from satisfactory.

THE WEATHER

If there is any spice in variety of weather, this valley as well as other parts of the West, were treated (?) to all kinds of spice this week. Rain and wind, snow and frost and a few brief moments of sunshine, just enough to make one think that it might clear off.

Sunday morning snow fell here for about two hours to the depth of an inch while on the hills the depth was greater. On the highest points snow is still visible.

There was great sport for the boys and girls, as well as for the older folks. The snowballs flew fast and were passed out impartially to all passersby. If anyone was overlooked we assure them it was entirely an oversight for which due apology is hereby made. Even the Chinese in sight received a prompt and generous supply of white balls.

The snow in the valley however, remained but a short time, too short in fact for the ballshyers fun. By way of consolation the weather bureau predicts a continuance of the same kind of stirring climate.

One of our readers has furnished us the following original poem:—
ONE MIDWINTER DAY AT SONOMA
On the first Sunday of nineteen seven
Quite a quantity of snow fell from up toward Heaven
Hillsides and "Valley of the Moon"
Had a very white coat just before noon.
Boys up town had oceans of fun.
Snowballs hit passers as they go or come
The old mists were what felt good that day
Both by old folks at work and children at play.
All say that 'twill improve crop prospects this year
So come and have invest without fear.
Marshall James with his big corporation
Made hole's window his standing station
So the boys wouldn't dare to throw at his head
For fear they'd break that window instead.

SERIOUSLY ILL

The many friends of Mrs. Jos. Keechler and Mrs. Geo. Breitenbach will be pained to learn that both ladies are seriously ill at Green's Sanitarium. We hope soon to be able to record the cheering news of a speedy recovery to health.

The New County Officials

At noon Monday, January 7th the new county officers took the oath and entered upon the discharge of their duties. The occasion was marked by the exchange of farewells and the extending of felicitations. The deputies likewise took the oath of office. Several of the old officers and their deputies succeeded themselves. Here is a list of the offices they fill in the administration of the government in Sonoma county.

A GOOD CONTRACT

The Sonoma County Co-operative Poultry Association closed an important contract Saturday afternoon at their meeting which was held in Santa Rosa.

The new contract is with Swift & Co., a firm of San Francisco, and by the contract executed, the members of the association are guaranteed the market quotations, not the year-around and variable prices of a minimum price of twenty cents per dozen for their eggs at all times.

Last year the association received market quotations for their eggs less five per cent for handling them, and the minimum price was eighteen cents. By the new contract they received two cents additional on the minimum price and save the five per cent commission for handling their eggs.

This means that the firm of Swift & Company will secure all the eggs of members of the association, which will be a great quantity.

CHURCH NOTICE

At the Congregational Church Sunday, January 13, services will be held at the usual hour. In the morning Rev. C. C. Cragin will deliver a sermon from the following text:—"In the beginning God created the heavens and the earth." In the evening, "Choose you this day whom ye will serve * * * as for me and my house, we will serve the Lord." At the services, morning and evening, the new hymnals will be used.

Monday evening in the Sunday school room of the church it is proposed to organize a society for the good of Sonoma and for the improvement of its members in literary, social and recreative lines. A constitution is to be adopted, officers to be elected and a program musical and literary and parliamentary to follow.

The Jolly Sixteen

Mrs. S. T. Enos delightfully entertained the whist club at her home on Broadway last Friday evening. Whist playing was the feature of the very enjoyable function. Dainty refreshments were served during the evening.

H. F. Bates won the gent's booby prize and Miss Meta Stofen, the lady's booby prize; Sam H. Haven won the first prize for gentlemen and Mrs. Henry Bates, the ladies' first prize.

DEPUTY JOS. RYAN

Jos. F. Ryan, our popular constable and deputy sheriff has been re-appointed deputy sheriff for Sonoma under the administration of Sheriff John K. Smith. Mr. Ryan has proved an excellent official and the appointment made without regard to political affiliations is in appreciation of his good record as an officer. The selection is a very popular one.

GRAND MASQUERADE

The Sonoma Social Club have issued about 300 neatly printed invitations for a grand masquerade ball to be given by them in Union Hall on January 19, next. Great preparations are being made and the affair promises to be a big success.

IMPORTANT NOTICE

Taxpayers should remember that the city taxes will be delinquent after the first Monday in February and that they should pay before that time and avoid the penalty.

LEGGETT'S SPRING BED

This is the best high grade spring bed ever placed on the market—absolute perfect iron in all its details, and there has never yet been manufactured a spring bed with steel support, suitable alike for wood or iron beds, which can compare with it for durability, simplicity and lightness. Sold by W. Spencer, Broadway.

N. S. G. W. INSTALL

Dist. Dep. Grand President, B. M. Bones of Glen Ellen, paid Sonoma Parlor, No. 111, N. S. G. W. an official visit on Monday evening and installed the newly elected officers of the parlor.

Those installed were: Past Pres., Julius Pochetti, Jr.; First Vice, A. Pauli; 2nd Vice-Pres., L. Dowdall; Preside, Fochetti, Jr.; 3rd Vice-Pres., L. H. Green; Sec. L. H. Green; Kiser; Inside Sentinel, Outside Sentinel, Aug. Trustee W. Rambo.

After the regular parlor business had been transacted, a journeyman hotel where prepared a most inviting spread. It tasted as good as it looked and was heartily enjoyed by the natives and their invited guests.

F. T. Duhring acted as toast-master in a very pleasing and acceptable manner and many witty responses were made to the different toasts.

Chas. R. Potter of Santa Rosa, took charge of the musical part of the program and his work was heartily appreciated.

Shortly after midnight the natives and their friends departed for their homes.

A Heavy Load to Carry

"ALL IS WELL THAT ENDS WELL."

Along with dyspepsia comes nervousness and general ill-health. Why? Because a disordered stomach does not permit the food to be properly digested, and the products assimilated by the system. On the other hand the blood is charged with poisons which come from this disordered digestion, and in turn the nerves are not fed on good, red blood, and we see symptoms of nervousness, sleeplessness and general breakdown. It is not hard work that does it, but poor stomach work. With poor thin blood the body is not protected against the attack of germs of grip, bronchitis and consumption. Fortify the body at once with Dr. Pierce's Golden Medical Discovery, the great purifier of native medicinal poisons without a particle of alcohol or dangerous drugs.

No man is stronger than his stomach. Let the greatest ailment have its way, and his muscles would soon fail. The strength is derived from the food he eats. If he has no food he has no strength. Food is converted into nutrition for the stomach and bowels. It digests and assimilates. People can die of starvation who have abundant food to eat, with the stomach and its associate organs of digestion and nutrition do not perform their duty. Thus the stomach is really the vital organ of the body. If the stomach is "weak" the body will be weak also, because it is upon the stomach that

What It Was

What was supposed to be a slight earthquake shock or a jar resulting from an explosion, occurred here yesterday morning about 10:20 o'clock. No damage was done here but there was lots of speculating and guessing.

The evening paper explained the mystery by telling of a terrible explosion of 3000 pounds of nitroglycerine in the powder works at Point Isabel, near Berkeley. The factory is a total wreck, but only one man was killed.

Monday Evening's Fire

About 6 o'clock Monday evening, an alarm of fire was sounded calling the fire department to a small blaze at the Quartaroli home on Spain street. The fire started around the fire place, but was discovered in time to prevent the fine new home from possible destruction. About \$250 worth of damage was done, covered by insurance.

Adjourned to the call of the chair.

A Surprise

It isn't often that birthdays come to Schellville, but at last we had one and William A. Werner was the victim. On last Monday evening a crowd of friends assembled at his home and gave him a good surprise on his 27th birthday. He was slow in recovering from his surprise but by the free administration of smelling salts we brought him to, and then started in to enjoy the evening which passed too quickly for all present.

A few events of especial mention might be made: The music by Mr. and Mrs. Werner and Charles Whitbach was splendid and great.

est of all was the delightful repast served by Mrs. M. Akers and Mrs. Esbach. Mr. Knight seemed to take well with the ladies and so of course walked off with the cake, but not in the usual manner. At last when the hours of another day drew near, we wished Mr. Werner many happy returns of the day and bled ourselves homeward.

Who's the next victim?

A GUEST.

New Regulation

At a meeting of the Sonoma Volunteer Fire Co., held in the pavilion Wednesday evening, a new regulation was adopted requiring outsiders to stand back from a burning building where the firemen are at work. Our fire company is one of the largest and most efficient of the volunteer companies and can work to better advantage if unhampered in any way.

Accidently Hurt

He was hanging up a calf on a meat hook at the slaughter house when he accidentally ran the hook through the center of his left hand. Dr. Thomson dressed the wound which was quite painful. It is hoped that no serious results will follow.

The Vital Point
HOT BLAST DOWN DRAFT

To consider when buying a heater is the draft. Exhaustive tests prove that the down-draft as it is developed in the celebrated

WILSON DOWN DRAFT HEATER

is the only form that insures perfect combustion at a minimum of fuel expense. Furnishes twice the heat from half the amount of fuel used, because all gas generated is burned. In other heaters it escapes into the chimney.

Consider this fuel economy in buying.
